

VENDOR QUALIFICATION UNDERTAKING

We (Caspian Geology Center LLP) undertake that:

- (A) The information provided and data submitted by us in the course of NCOC N.V. (“**NCOC**”) vendor qualification process in Online Vendor Cabinet, this Vendor Qualification Undertaking and Business Ethics Compliance Certificate for Contractors or Suppliers (is true and correct as the time of signing;
- (B) All personal data submitted to NCOC is in accordance with any applicable laws and regulations and that we provide guaranteed reimbursement to, indemnify and hold harmless NCOC against any and all claims or losses arising out of or in connection with the use of the personal data submitted;
- (C) We have received and reviewed a copy of the [NCOC General Business Principles](#) and the [NCOC Code of Conduct](#) and undertake to respect the ethical principles stated in the NCOC General Business Principles and the NCOC Code of Conduct in all dealings, present and future, with NCOC;
- (D) We will notify the NCOC Ethics & Compliance Office (at: ncoc.hotline@deloitte.kz, or as otherwise notified from time to time), immediately, of any breach of the principles stated in the NCOC General Business Principles and the NCOC Code of Conduct, of which we become aware, during our dealings present and future with NCOC;
- (E) All of our employees are employed pursuant to the applicable laws and regulations, and that payment of social security charges and insurance charges in respect of such employees has been regularly effected. Relevant documentary evidence will be submitted upon request;
- (F) We will update any significant information changes in writing within thirty (30) days. Significant changes include, but are not limited to: change of legal status, tax and business numbers, ownership, name, address, as well as loss of licensure or registration, filing of bankruptcy, or suspension or debarment by any relevant government agency.

We understand that:

- (1) The Data may be audited by NCOC or verified by other means;
- Vendor Qualification Undertaking

- (2) Provision of the Data does not relieve us from providing the same or additional information as requested in a response to NCOC's Request for Information or any other documents of the same effect.
- (3) For our successful prequalification for specific commodity classes, no current licenses to execute the works under such commodity classes (inside or outside Kazakhstan) may be required. However, we understand and agree that we will need to obtain the relevant required licenses, permits or similar under any current or future contracts with NCOC, as required under applicable law.
- (4) Submittal of the Data does not guarantee qualification. Qualification will be given only if our organization meets all statutory, regulatory or internal NCOC requirements, including those not listed in NCOC applications and forms. Qualification does not guarantee our company any business.
- (5) Failure to provide accurate and complete Data may, in accordance with any NCOC requirements and/or applicable laws, result in consequences including, but not limited to, suspension or debarment from doing business with NCOC and termination of contracts.
